

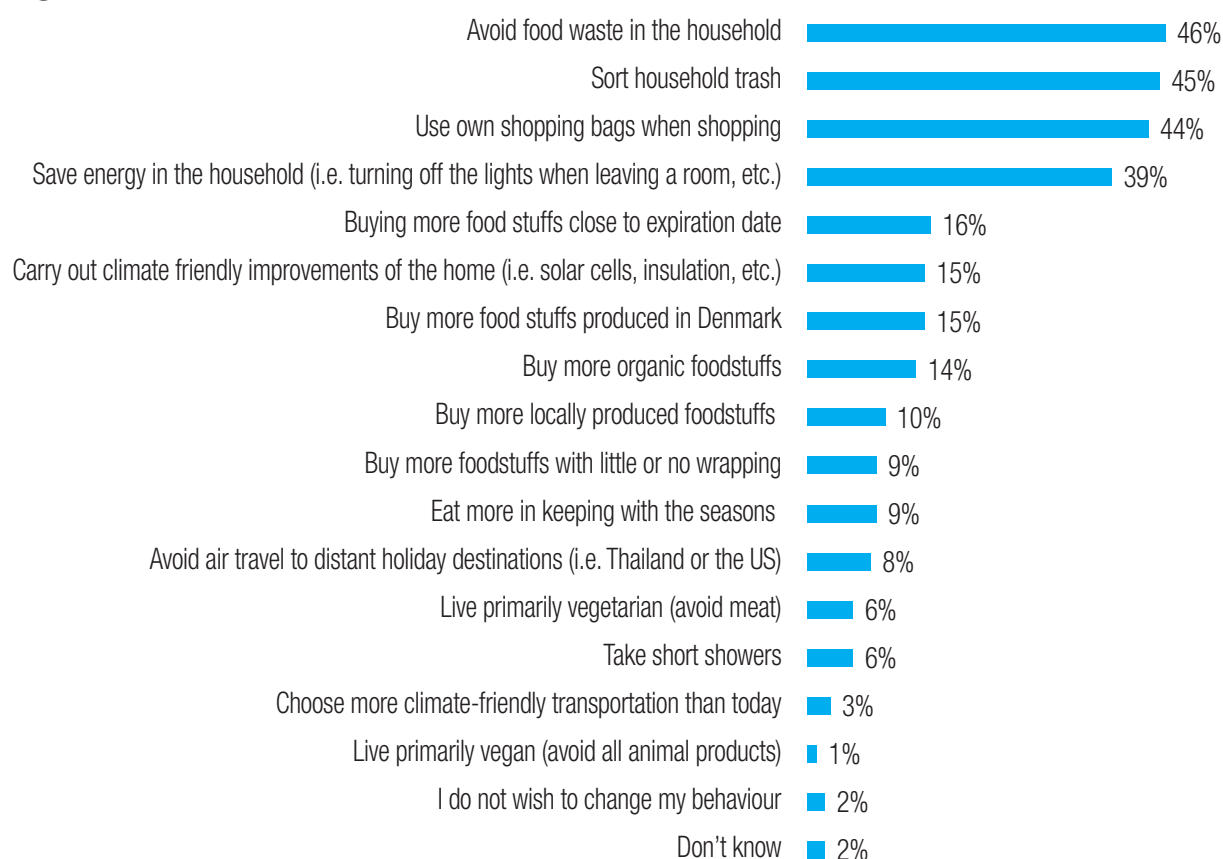

**Figure 2.** Attitude to own climate behaviour. 2018. Percent.

Note 1: Respondents have been asked: "What are you most willing to do in order to live a more climate-friendly life?" Respondents could give up to three answers.

Note 2: 1,016 representatively chosen Danes aged 18-70 have been polled.

Source: Agriculture and Food. Danes wish to live more climate-friendly lives. 2019.
